RADON GAS, ARSENIC AND LEAD NOTIFICATION: Pursuant to RSA 477:4-a, Buyer acknowledges the following notifications:

Radon: Radon, the product of decay of radioactive materials in rock, may be found in some areas of New Hampshire. Radon gas may pass into a structure through the ground or through water from a deep well. Testing of the air by a professional certified in radon testing and testing of the water by an accredited laboratory can establish radon's presence and equipment is available to remove it from the air or water.

Arsenic: Arsenic is a common groundwater contaminant in New Hampshire that occurs at unhealthy levels in well water in many areas of the state. Tests are available to determine whether arsenic is present at unsafe levels, and equipment is available to remove it from water. The buyer is encouraged to consult the New Hampshire department of environmental services private well testing recommendations (www.des.nh.gov) to ensure a safe water supply if the subject property is served by a private well.

Lead: Before 1978, paint containing lead may have been used in structures. Exposure to lead from the presence of flaking, chalking, chipping lead paint or lead paint dust from friction surfaces, or from the disturbance of intact surfaces containing lead paint through unsafe renovation, repair or painting practices, or from soils in close proximity to the building, can present a serious health hazard, especially to young children and pregnant women. Lead may also be present in drinking water as a result of lead in service lines, plumbing and fixtures. Tests are available to determine whether lead is present in paint or drinking water.

REPRESENTATIONS AND ACKNOWLEDGEMENTS: The parties agree and acknowledge that all representations, statements, and agreements heretofore made between the parties hereto are merged into this Agreement, which alone fully and completely expresses their respective obligations. This Agreement is entered into by each party after opportunity for investigation, with neither party relying on any statements or representations not embodied in this Agreement made by the other or on their behalf. Should any provision of this Agreement or any portion of any provision of this Agreement be held invalid or unenforceable according to law, the remaining portions hereof shall not be affected thereby but shall continue in full force and effect. The waiver by any party of any breach of any provision of this Agreement shall not operate as, or be construed as, a waiver of any subsequent breach thereof. Time is of the essence as to all deadlines set forth in this Agreement.
